

The Resort For All Seasons...
Cascade Lodge

The ever changing seasons open new vistas throughout the year. Early days of spring bring sounds of melting rivulets of snow, and forest floors are covered with delicate wildflowers. Days soon turn long sliding into Summer with its warm sun, a canopy of green, and cool quiet nights. Come Fall, the days turn crisp with the trees all aflame in red and gold. Winter is the quiet season, shhh! White, frozen and jewel like...the only sound is skis gliding across the pristine snow.

Nestled in the forest surrounding Cascade River State Park is Cascade Lodge, a charming 1930's lodge featured in Country Inns & America's Wonderful Little Hotels and Inns. The proximity to the State Park and direct access to the Superior Hiking Trail makes Cascade Lodge unique.

The Main Lodge has a cozy stone fireplace and two large living rooms overlooking the lake. The lodge also serves as a focal point for the grounds and provides comfortable accommodations. An assortment of beautiful log cabins and frame cabins, some with fireplaces, whirlpools, kitchenettes and decks, offer a variety of conveniences to meet every taste. The Caribou Hideaway House is a secluded vacation home that can provide accommodations for groups large and small.

Our distinctive North Shore Restaurant & Gift Shop serves "superior" breakfasts, lunches and dinners throughout the year. Overlooking Lake Superior, the restaurant features a north woods décor, homemade soups, seasonal salads, pastas, meats, fish & vegetarian options. Wine and beer available. Open seven days a week.
